Expenditure Notes

For Fiscal Year July 1, 2016 - June 30, 2017

County: Stanislaus

Monday, October 02, 2017

Service Type: Community Resource and Referral

For Fiscal Year July 1, 2016 - June 30, 2017

Result Type: Improved Family Functioning

Provide the most recent compelling service outcome available for this service.

A) Family Resource Centers, Healthy Start sites, and 211 of Stanislaus County have reported that the families of 8,418 children 0-5 accessed resources in Stanislaus County.

B) Of the 8,418, families of 1,811 children accessed resources through the countywide referral phone line (211). 126 unduplicated callers (with children 0-5), or 72% of those surveyed in a follow-up call, indicated that their needs were met through this service.

Provide the comparison data used to determine whether the service outcome was an improvement and specify the origin of the data.

A) 2011/12:10,279; 2012/13: 7,825; 2013/14: 7,768; 2014/15: 9,071; 2015/16: 9,787

B) 2011/12: 2,233, 673 (58%); 2012/13: 1,747, 747 (77%); 2013/14: 2,023, 274 (64%); 2014/15: 2,628, 764 (69%); 2015/16: 2,250, 224, (71%)

Describe the measurement tool used in the evaluation to measure the outcome.

A-B: Database, scorecard, client tracking, and surveys

Service Type: Organizational Support

For Fiscal Year July 1, 2016 - June 30, 2017

Result Type: Improved Systems of Care

Who was the primary audience for the service?

Stanislaus County Office of Education (SCOE) Healthy Start Support provides technical assistance in multiple ways to ten individual Healthy Start Sites countywide.

What were the types of services provided?

SCOE manages a 10-site healthy start collaborative to provide effective services. Technical support is provided in the areas of budgeting, health services, outreach, education, sustainability, reporting, and operational issues. Monthly meetings are held to provide a forum to share information, resources, and best practices.

For Fiscal Year July 1, 2016 - June 30, 2017

What was the intended result of the service? What was the community impact of the service?

SCOE Healthy Start's goal is to strengthen families by improving and integrating systems of care to enhance the well-being of the child. Its intended result is to facilitate reaching the goal by providing support services, including training and marketing. As a result, the sites have been providing community support in a more effective and coordinated manner.

**Annual Report Form 3 (AR-3)
County Evaluation Summary
For Fiscal Year July 1, 2016 - June 30, 2017**

County: Stanislaus

Monday, October 09, 2017

Provide a description of the evaluation activities completed during the fiscal year

The Stanislaus County Children and Families Commission (CFC) views evaluation as both a process and a tool. The process of evaluation is fluid and occurs throughout the fiscal year, encompassing multiple methods and activities. As a tool, the evaluation informs stakeholders and assists in future funding or scope of work revisions. The primary focus of the evaluation is promoting a learning environment. Learning occurs when the following types of evaluation information are shared: effective and ineffective practices; impacts on children, families, and communities; costs and benefits of programs; and the contributions of programs towards achieving population results expressed in the CFC Strategic Plan. The Strategic Plan is the foundation of any given fiscal year's evaluation cycle, as it communicates the Commission's goals, objectives, and strategies. The evaluation activities begin as each funded program addresses the Strategic Plan through its activities and planned outcomes, which are identified in the Scope of Work (SOW) that is developed at the start of the fiscal year. The SOW becomes the basis for each program's SCOARRS (Stanislaus County Outcomes and Results Reporting Scorecard), which is designed to document services performed, resources used, data collected, and outcomes expected. Both documents are constructed jointly between CFC staff and program staff, and each draws on the unique capacity of the programs to contribute to the Commission's goals and objectives. Both documents serve as blueprints that enable programs and the Commission to mutually understand how resources will turn into results. Quantitative and qualitative data are collected through each individual program's SCOARRS, which provides a structured framework for tracking and reporting data and outcomes. SCOARRS are submitted quarterly by all programs and contribute to the effective monitoring of each program on a quarterly basis. SCOARRS data also supply program with information to learn what is working well and what improvements can be made throughout the fiscal year, and allows programs to explain and/or revise practices. The Commission and programs continuously evaluate program services throughout the annual evaluation cycle, using both qualitative and quantitative methods of collecting, analyzing, and reporting data. A variety of tools provide the programs and the Commission with program data, including the following: pre/post tests, customer/employee satisfaction surveys, observations, intake forms, and screenings. Programs capture output and outcome data through SCOARRS and demographic information through a Demographic Data Collection Tool. Commission staff then reviews all the information and reports submitted, along with budgets, invoices, and site visit summaries to evaluate individual program effectiveness, as well as overall aggregate progress toward Commission goals and objectives. Efforts to evaluate leveraging and collaboration efforts continue through data collected by individual programs' annual reports. Results have been shared and opportunities to increase collaborations efforts have been supported. Leveraging is part of many programs' sustainability plans and has been measured and supported.

Describe the evaluation findings reported during the fiscal year

Improved Family Functioning

Annual Report Form 3 (AR-3) County Evaluation Summary For Fiscal Year July 1, 2016 - June 30, 2017

- Families are receiving support.
The parents of 10,400 children received family support services through countywide Family Resource Centers or other programs. The parents of 2,373 children received more intensive services focused on improving child abuse risk factors.
- Parents are gaining knowledge and improving parenting skills.
The parents of 2,490 children attended parenting classes to increase parenting skills and knowledge.
- Caregivers are screened for depression and linked to additional support.
Of the 1,730 children 0-5 whose caregivers were screened for depression, 396 children 0-5 had a caregiver referred for mental health services as a result.
- Children are flourishing in stable environments.
418 children experienced improvements in their family environment after being enrolled in respite childcare.

Improved Child Development

- Families are reading with their children.
The families of 1,698 children increased the time spent reading with them at home after receiving literacy services.
- Children are being screened and identified for developmental delays.
1,681 children 0-5 were screened for educational developmental issues and 341 were reported as being referred for further assessments or services.
- Children are preparing to enter Kindergarten and be successful.
120 children participated in the Kindergarten Readiness Program at school sites across the county that helped prepare them for Kindergarten.

Improved Health

- Pregnant women and children are receiving health care.
192 children 0-5 and pregnant women who did not have access to health care received medical attention through an interim health care program.
- A greater number of children now have health coverage.
185 pregnant women and children 0-5 who did not have health insurance are now enrolled in a health coverage plan.
- Infants are born robust.
163 infants were born term after their mothers participated in a healthy birth program. 92% of the mothers initiated breastfeeding.

Improved Systems of Care

Annual Report Form 3 (AR-3) County Evaluation Summary For Fiscal Year July 1, 2016 - June 30, 2017

- Strengthening families with knowledge.

Families of 6,561 children have increased knowledge and use of community resources.

- Leveraging Prop 10 funds.

Prop 10 funded programs brought in more than \$8.7 million from other funding sources during fiscal year '16-'17, increasing the level of services for children 0-5 and their families. Of that \$8.7 million, nearly \$5.7 million came from funding sources outside of Stanislaus County.

*Data reported by contractors

Describe the policy impact of the evaluation results

The policy impact of the evaluation results will not be fully utilized until the program evaluation report for 2016-2017 is completed. The evaluation results are one of multiple tools to be used by the Commission to make program funding decisions for the 2018-2019 fiscal year.

Despite the fact that the evaluation results are not yet finalized, the evaluation process was used throughout the year to make policy decisions on multiple levels. Funded programs receive evaluation feedback throughout the year as part of the evaluation cycle feedback loop. The SCOARRS, Annual Report, and site visit reports serve as tools to identify what is working well and where challenges remain. Through this process, program take action to revise methods or services.

The Commission receives evaluation updates in several forms: Annual Report submission, an annual program evaluation, and the state annual report. These reports provide the Commission with information that can be used to make decisions regarding short and long-term budgeting, program recommendations, and revising and updating its Strategic Plan. Evaluation information continues to influence decisions regarding the prioritization of services and the allocation of diminishing resources.

The dissemination of evaluation results to a multitude of stakeholders is essential to increase awareness of how Prop 10 funding is accounted for and to impact local and state policy. Through the "Report to the Community" the Commission relays results of the work being done with local Prop 10 funding. In 2017 the report will be disseminated to more than 290,000 stakeholders. The report will provide information through stories, demographic information, and highlights of services delivered. As the information reaches the community, local policy and advocacy efforts can be influenced (e.g., buy-in from local businesses or governments). A presentation, based on the "Report to the Community", is presented annually to the Board of Supervisors in October, creating additional awareness and support at the County policy level.
