David T. Jones
Executive Director

The Stanislaus County Children and Families Commission welcomes you to its meetings which are ordinarily held on the fourth Tuesday of most month. Your interest is encouraged and appreciated.

The agenda is divided into two sections:

CONSENT CALENDAR: These matters include routine financial and administrative actions. All items on the consent calendar will be voted on at the beginning of the meeting under the section titled "Approval of the Consent Calendar." If you wish to have an item removed from the Consent Calendar, please make your request at the time the Commission Chairperson asks if any member of the public wishes to remove an item from consent.

REGULAR CALENDAR: These items will be individually discussed and include all items not on the consent calendar and all public hearings.

ANY MEMBER OF THE AUDIENCE DESIRING TO ADDRESS THE COMMISSION ON A MATTER ON THE AGENDA: Please raise your hand or step to the podium at the time the item is announced by the Commission Chairperson. In order that interested parties have an opportunity to speak, any person addressing the Commission will be limited to a maximum of 5 minutes unless the Chairperson of the Commission grants a longer period of time.

PUBLIC COMMENT PERIOD: Matters under the jurisdiction of the Commission, and not on the posted agenda, may be addressed by the general public either at the beginning of the regular agenda and any off-agenda matters before the Commission for consideration. However, California law prohibits the Commission from taking action on any matter which is not on the posted agenda unless it is determined to be an emergency by the Children and Families Commission. Any member of the public wishing to address the Commission during the "Public Comment" period shall be permitted to be heard once for up to 5 minutes.

COMMISSION AGENDAS AND MINUTES: Commission agendas, minutes, and copies of items to be considered by the Children and Families Commission are typically posted on the Internet on Friday afternoons preceding a Tuesday meeting at the following website: www.stanprop10.org.

Materials related to an item on this agenda submitted to the Commission after distribution of the agenda packet are available for public inspection in the Commission office at 930 15th Street, Modesto, CA during normal business hours. Such documents are also available online, subject to staff's ability to post the documents before the meeting, at the following website: www.stanprop10.org.

NOTICE REGARDING NON-ENGLISH SPEAKERS: Stanislaus County Children & Families Commission meetings are conducted in English and translation to other languages is not provided unless the Commission is notified 72 hours in advance that an interpreter is necessary. Please contact Administration at (209) 558-6218 should you need a translator for this meeting.

Las juntas de la Comision para Niños y Familias son dirigidas en Ingles y no hay traduccion disponible a menos que la Comision sea notificada con 72 horas por avanzado. Si necesita traduccion, por favor contacte a la Comision al (209) 558-6218. (Por favor tome nota, el mensaje es en Ingles pero se le asistara en Español cuando lo pida.)

REASONABLE ACCOMMODATIONS: In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please contact the Commission at (209) 558-6218. Notification 72 hours prior to the meeting will enable the County to make reasonable arrangements to ensure accessibility to this meeting.

RECUSALS: California Government Code Section 87100 states that "no public official at any level of state or local government may make, participate in making or in any way use or attempt to use his/her official position to influence governmental decision in which he/she knows or has reason to know he/she has a disqualifying conflict of interest." Likewise, California Government Code section 1090 provides that certain government officials and employees "...shall not be financially interested in any contract made by them in their official capacity."

These sections of law permit the Stanislaus County Children and Families Commission to execute contracts so long as the Commissioner(s) with the conflict recuses himself or herself from making, participating in making, or in any way attempting to use his or her official position to influence a decision on the contract.

COMMISSION MEETING AGENDA

October 23, 2018 • 1:00 P.M.

**Room 1 - County Center III (The Learning Institute)
917 Oakdale Road, Modesto, CA**

1. Welcome & Introductions – Chair Harwell
2. Pledge of Allegiance
3. Announcement of Recusals¹

ACTION AGENDA SUMMARYAGENDA DATE: October 23, 2018COMMISSION AGENDA # 6A (PUBLIC HEARING)**SUBJECT:**

Public Hearing to Consider the Acceptance of the Stanislaus County Children and Families Commission 2017-2018 Audit Report

BACKGROUND:

Following its passage by voters in 1998, the provisions of Proposition 10 were codified into California State Law as Sections 130100 – 130155 of the California Health and Safety Code. Section 130150 of the Health and Safety Code requires local Children and Families Commissions to complete an annual audit by October 15th of each year, conduct a public hearing on the audit, and submit the audit to the State by November 1st.

Periodically, First 5 staff will implement new internal procedures or methods that help to increase fiscal accountability as well as preparation for audit activities. Over the past few years, staff have developed an invoice tracking log for monitoring the invoicing process, re-instituted fiscal partner meetings on a periodic basis, developed and implemented monthly reconciliation worksheets, revised the revenue log for tracking purposes, and created a check log to document distribution of program reimbursements. Each of these changes has helped to reinforce strong fiscal practices of the Commission.

The Commission contracts with Brown and Armstrong (Bakersfield, CA) to perform the annual audit. The audit, which has been included with the Commission's agenda packet, contains no findings or recommendations. At the Commission's October 23, 2018, meeting, a public hearing will be held on the audit.

An electronic copy of the audit can be found on the Commission's website under Publications & Other Resources.

The Administrative and Finance Committee, the Operations Committee and the Executive Committee reviewed and discussed this item on October 8th, October 11th and October 17th, respectively.

STAFF RECOMMENDATIONS:

1. Conduct a public hearing to consider acceptance of the Stanislaus County Children and Families Commission 2017-2018 Audit Report prepared by Brown and Armstrong, Certified Public Accountants.
2. Accept the 2017-2018 Audit Report.

FISCAL IMPACT:

There is no fiscal impact associated with the approval of this agenda item.

COMMISSION ACTION:

On motion of Commissioner _____; Seconded by Commissioner _____
and approved by the following vote:

Ayes: Commissioner(s): _____

Noes: Commissioner(s): _____

Excused or Absent Commissioner(s): _____

Abstaining: Commissioner(s): _____

1) _____ Approved as recommended.

2) _____ Denied.

3) _____ Approved as amended.

Motion: _____

Attest: _____

Certified Public Accountants

We have audited the financial statements of the governmental activities and General Fund of the Stanislaus County Children and Families Commission (the Commission) for the year ended June 30, 2018. Professional standards require that we provide you with information about our responsibilities under auditing standards generally accepted in the United States of America, *Government Auditing Standards*, and the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act*, issued by the State Controller's Office, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated August 7, 2018. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. As described in Note 1 to the financial statements, the Commission implemented Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pension Plans*; GASB Statement No. 81, *Irrevocable Split-Interest Agreements*; GASB Statement No. 85, *Omnibus 2017*; and GASB Statement No. 86, *Certain Debt Extinguishment Issues*, during the fiscal year ended June 30, 2018. We noted no transactions entered into by the Commission during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the Commission's financial statements were:

Management's estimates of the net pension liability and related deferred outflows and inflows of resources are based on actuarial reports prepared and provided by an independent third party. Management's estimate of the fund balance commitments and assignments is based on future contracts and possible provisions and changes on contracts and their payment schedules. We evaluated the key factors and assumptions used to develop these estimates in determining that they are reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosures of the pension plan, net pension liability, and related deferred outflows of resources and deferred inflows of resources in Note 9 to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We detected no such misstatements during our audit except that management decided not to present net OPEB liability and the related items due to immateriality. Please see attached for the passed OPEB liability related entry.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 1, 2018.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Commission's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Commission's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to the Management's Discussion and Analysis, Schedule of the Commission's Proportionate Share of the Net Pension Liability, and Schedule of Contributions, which are required supplementary information (RSI) that supplement the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were not engaged to report on the Commission Membership schedule, which accompanies the financial statements but is not RSI. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Restriction on Use

This information is intended solely for the information and use of the Board of Commissioners and management of the Commission and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

To the Board of Commissioners
Stanislaus County Children and Families Commission
Modesto, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and general fund of the Stanislaus County Children and Families Commission (the Commission), a component unit of Stanislaus County, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Commission's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and general fund of the Commission, as of June 30, 2018, and the respective changes in financial position, and the respective budgetary comparison statement for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3-8, the schedule of the Commission's proportionate share of the net pension liability on page 27, and the schedule of contributions on page 28 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB), who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Commission's basic financial statements. The Commission Membership is presented for the purposes of additional analysis and is not a required part of the basic financial statements.

The Commission Membership has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 1, 2018, on our consideration of the Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control over financial reporting and compliance.

**STANISLAUS COUNTY CHILDREN AND FAMILIES COMMISSION
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
JUNE 30, 2018**

This section of the Stanislaus County Children and Families Commission's (the Commission) annual financial report presents management's discussion and analysis of the Commission's financial performance for the fiscal year ended June 30, 2018. It is important to read this section in conjunction with the basic financial statements and notes in this audit.

OVERVIEW OF THE ENTITY

The Stanislaus County Children and Families Commission was established by the Stanislaus County Board of Supervisors on December 8, 1998, pursuant to Ordinance #687. The ordinance provides that the Commission shall operate as an independent County agency and be governed by a nine-member Board of Commissioners appointed by the Stanislaus County Board of Supervisors with independent strategic planning and budget authority. The Commission operates under the regulatory guidance of the California Health and Safety Code and was formed as a result of the passage of Proposition 10 by California voters in November of 1998.

The overarching purpose of the Commission is to give children in Stanislaus County the best start in life. The Commission achieves its mission by focusing its efforts on family functioning, health, child development, and sustainable systems. The Commission has a three-year Strategic Plan that is updated annually which guides the annual spending plan.

The Commission functions primarily as a direct funder for services which are provided by non-profit and government organizations to its targeted service populations. The Commission consistently reaches tens of thousands of children, parents, and providers each year through their service contracts. Primary functions of Commission staff are preparing and monitoring contracts for services, processing contract invoices, and ensuring compliance with Commission policies and procedures and State code. The Commission also interfaces with various community initiatives, and promotes collaboration among partners with a strong focus on funded program outcomes.

FISCAL YEAR 2017-2018 FINANCIAL HIGHLIGHTS

In 2018, the Commission completed its 18th year of operations in Stanislaus County (the County) promoting the development and well-being of children 0 through 5 years of age. As the Commission expended funds to implement its Strategic Plan, it also continued to implement a plan to spend down a reserve accumulated when the Commission first began operations. Consequently, the highlights of the 2017-2018 fiscal year tend to reflect a planned spend down of reserves coupled with a decreasing revenue stream:

- Total revenues decreased \$250,923 (5.14%) from 2017 to 2018 primarily due a decrease of tobacco revenue in 2018.
- Commission expenses increased by \$225,037 (3.55%) remaining relatively flat over the prior year.
- In a planned draw down of reserves, the Commission's expenses exceeded revenues by \$1,940,213 in 2018.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual financial report consists of two parts:

- Basic financial statements, including government-wide and fund statements and notes to those statements.
- This discussion and analysis of the basic financial statements.

The Commission's basic financial statements offer key, high-level financial information about its activities.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Commission's finances in a manner similar to a private sector business. These statements provide both long-term and short-term information about the Commission's overall financial status.

The statement of net position includes information on all of the Commission's assets, liabilities, and deferred outflows and inflows of resources with the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources reported as net position. Changes in net position may serve as a useful indicator of whether the financial position of the Commission is improving or deteriorating.

The statement of activities presents information showing how the Commission's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund accounting is used to ensure and demonstrate compliance with finance-related and legal requirements. All of the Commission's activities are accounted for in one fund.

As a rule, governmental fund financial statements focus on near-term inflows and outflows of spendable resources and on balances of spendable resources at the end of the fiscal year.

The Commission adopts an annual appropriated budget for the General Fund. A budgetary comparison statement has been provided for this fund to demonstrate compliance with the adopted budget.

The Commission was created as an independent County agency by an ordinance of the Board of Supervisors, who acted under the authority of California State law. A nine-member Board of Commissioners appointed by the Board of Supervisors governs the Commission and authorizes expenditures. The County classifies the Commission as a County agency unit of local government and includes the Commission's basic financial statements in the County's basic financial statements.

CONDENSED FINANCIAL STATEMENTS

The following tables summarize the Commission's 1) Statement of Activities (change in net position) and 2) Statement of Net Position (government-wide financials). Both tables are summarized for the last three fiscal years.

	2016	2017	2018
<u>Revenues</u>			
Program revenues	\$ 5,287,566	\$ 4,833,041	\$ 4,557,237
General revenues	110,184	49,009	73,890
Total revenues	5,397,750	4,882,050	4,631,127
<u>Total Expenses</u>	6,254,144	6,346,303	6,571,340
Deficiency of revenues over expenses	(856,394)	(1,464,253)	(1,940,213)
Beginning net position	10,288,152	9,431,758	7,967,505
Ending net position	\$ 9,431,758	\$ 7,967,505	\$ 6,027,292

Highlights of the above statement include:

- By expending more than it receives, the Commission is continuing to follow its plan to reduce its reserves. (The Commission's stated policy is to maintain at least six month's worth of annual budgeted revenue in its reserve.)
- Total revenues decreased \$250,923 (5.14%) from 2017 to 2018 primarily due to the implementation of State regulatory changes including an increased tax of \$2 per pack of cigarettes and an increase in smoking age to 21.
 - Total revenue also includes nearly \$200,000 of State of California "backfill" revenue associated with the impacts of Proposition 56 and a \$75,000 grant that was expensed.
- Commission expenditures increased by \$225,037, which equals only a 3.55% increase.

	2016	2017	2018
<u>Assets</u>			
Current assets	\$ 10,347,135	\$ 9,014,467	\$ 7,050,810
Capital assets, net	4,620	2,917	1,214
Total assets	<u>\$ 10,351,755</u>	<u>\$ 9,017,384</u>	<u>\$ 7,052,024</u>
<u>Total Deferred Outflows of Resources</u>	<u>\$ 69,693</u>	<u>\$ 344,028</u>	<u>\$ 281,748</u>
<u>Liabilities</u>			
Current liabilities	\$ 554,331	\$ 643,400	\$ 477,655
Long-term liabilities	317,151	744,526	817,284
Total liabilities	<u>\$ 871,482</u>	<u>\$ 1,387,926</u>	<u>\$ 1,294,939</u>
<u>Total Deferred Inflows of Resources</u>	<u>\$ 118,208</u>	<u>\$ 5,981</u>	<u>\$ 11,541</u>
<u>Net Position</u>			
Net investment in capital assets	\$ 4,620	\$ 2,917	\$ 1,214
Restricted net position	9,427,138	7,964,588	6,026,078
Total net position	<u>\$ 9,431,758</u>	<u>\$ 7,967,505</u>	<u>\$ 6,027,292</u>

Highlights of the above statement include:

- The decrease in total assets over this year is due to the Commission's planned spending of its reserves.
- Capital assets decreased by \$1,703 due to depreciation recorded against the Commission's assets.
- Current liabilities decreased compared to the prior year due to a decrease in accruals for contract costs.
- Long-term liabilities increased due to the net pension liability recorded in connection with Governmental Accounting Standards Board (GASB) Statement No. 68 (which was implemented in 2015 – making 2018 the fourth year of implementation).
- Deferred outflows of resources and deferred inflows of resources of \$281,748 and \$11,541, respectively, were recorded in connection with changes in the Commission's proportionate share of the net pension liability.

OVERALL FINANCIAL POSITION

Revenue is projected to continue to decline for the Commission. The vast majority of Commission revenues are generated from tobacco taxes on tobacco products collected by the State of California and distributed to California's 58 counties based on the percentage of live births in each county. Tobacco tax revenue has decreased by more than 47% since the high of approximately \$8.6 million in 2005. This decline accelerated sharply in 2009-2010 when the federal government imposed higher taxes on tobacco. The increased cost of tobacco products encouraged users to quit smoking and/or purchase tobacco

products in areas where taxes are not collected. Additional regulatory changes were implemented in 2017, including an increased smoking age of 21. These changes also included an additional \$2 per pack cigarette tax, though this revenue was not designated to fund County Commissions. The State projected there would be a significant decline in tax revenue as a result of the \$2 per pack increase. To make First 5 whole for this revenue loss, the State committed to "backfill" revenue. The first Proposition 56 backfill payment of approximately \$200,000 was recorded by the Commission at the end of Fiscal Year 2017-2018. In December of 2017, the Commissioners authorized staff to explore budget reduction impacts for Fiscal Year 2018-2019. After considerable work and deliberation, the Commissioners approved Fiscal Year 2018-2019 direct service contracts that were approximately \$1 million less than in Fiscal Year 2017-18. These reductions were an attempt to begin the end of heavy reliance on fund balance as a budget balancing strategy, and to begin the necessary long-term strategy of re-balancing the spending and revenue of the Commission.

The Commissioners voted in early 2018 to authorize a request for proposal to hire an outside strategic direction/planning consultant. In May of 2018, the Commission approved an extensive strategic direction/planning contract for an outside firm to take the Commission through a process to identify appropriate priorities, roles, and a sustainable path for the Commission moving into the future. The formal strategic direction/planning process began on June 1, 2018, and is projected to be completed by the end of December 2018.

According to its financial policies, the Commission is to maintain a reserve that contains the equivalent of at least half of the Commission's budgeted revenues for the current fiscal year. Long-term projections of revenues and expenditures permit program operations to be adjusted to ensure a sufficient reserve is maintained.

ANALYSIS OF THE CHILDREN AND FAMILIES COMMISSION FUND

The Board of Supervisors' ordinance establishing the Commission created a trust fund to record Commission revenues and expenditures. Because the Commission utilizes one fund for all its programs, this audit is somewhat unique as only one fund is examined from a "government-wide" and "fund" perspective.

Fund balances over this three-year period covered by this audit continue to decrease as a result of the Commission's strategic decision to utilize fund balance to support community programs.

BUDGET VERSUS ACTUAL VARIATIONS

The following table compares the original budget for the 2017-2018 fiscal year with the final budget. Both budgets can then be compared to actual expenditures for the year. It should be noted that these figures were developed according to modified accrual basis of accounting standards.

	<u>Original Budget</u>	<u>Final Budget</u>	<u>Actual (GAAP Basis)</u>	<u>Variance with Final Budget</u>
Revenues				
Proposition 10 - tobacco tax	\$ 4,204,821	\$ 4,204,821	\$ 4,482,154	\$ 277,333
Investment earnings	98,048	98,048	73,890	(24,158)
Grant and miscellaneous revenue	-	75,000	75,083	83
Total revenues	<u>4,302,869</u>	<u>4,377,869</u>	<u>4,631,127</u>	<u>253,258</u>
Expenditures				
Contracts	6,534,924	6,460,404	5,781,821	678,583
Salaries and employee benefits	518,112	518,112	456,323	61,789
Services and supplies	<u>154,072</u>	<u>228,592</u>	<u>190,895</u>	<u>37,697</u>
Total expenditures	<u>7,207,108</u>	<u>7,207,108</u>	<u>6,429,039</u>	<u>778,069</u>
Net change in fund balance	<u>\$ (2,904,239)</u>	<u>\$ (2,829,239)</u>	<u>(1,797,912)</u>	<u>\$ 1,031,327</u>
Fund balance - beginning of year			<u>8,371,067</u>	
Fund balance - end of year			<u>\$ 6,573,155</u>	

Highlights of the above statement include:

- In 2018, the Commission actually received \$253,258 more in total revenues than what was budgeted due to nearly \$200,000 in Proposition 56 backfill dollars and a \$75,000 one-time grant. This represents 5.78% more than what was projected.
- Total expenditures were \$778,069 (10.8%) under budget largely as a result of Contracts variance. Contracts expenditures reflect \$433,950 of unspent contingency funding and \$150,155 of unspent contract funding. Also, salary expenses were \$61,789 below budget.

CAPITAL ASSETS

The Net Investment in Capital Assets line item was decreased by \$1,703, which represents the current year depreciation in 2018.

CURRENTLY KNOWN CONDITIONS

The following are facts, decisions, and conditions that could potentially have a significant impact on Commission finances:

- A continual decrease in tobacco tax revenue is projected by the State for future fiscal years. While the Proposition 56 backfill from the State is projected to restore approximately \$500,000 in revenue for the Commission, total Proposition 10 revenue is projected to continue its decline into the future, meaning that existing levels of expenditures will quickly be non-sustainable.
- The Commission plans to continue a planned spend down of fund balance into Fiscal Year 2018-2019 as reflected in its Fiscal Year 2018-2019 budget.
- The current long-range model shows the Commission hitting a fund balance policy cap during Fiscal Year 2021-2022 if significant changes are not made to annual expenditures.
- The Commission approved approximately \$1 million of contract funding reductions for Fiscal Year 2018-2019.

- The Commission began a major strategic direction/planning process on June 1, 2018, in order to create a long-term, sustainable direction by the end of December 2018.
- A new long-range financial model will be developed that will tie to the new strategic plan. Future annual budgets for the Commission will then tie to this long-range financial model.

ADDITIONAL INFORMATION

This financial report is designed to provide a general overview of the Commission's finances for those with an interest in the Commission's operations. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Executive Director of the Stanislaus County Children and Families Commission, 930 15th Street, Modesto, CA 95354.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Stanislaus County Children and Families Commission (the Commission) was established on December 8, 1998, pursuant to Health and Safety Code §130140. The Commission was also established in accordance with the provisions of the California Children and Families First Act of 1998 and by the County of Stanislaus Ordinance #687. The Commission is funded by surtaxes imposed on the sale of cigarettes and tobacco products. The nine members (as amended by Ordinance #787) of the Board of Commissioners are appointed by the County of Stanislaus (the County) Board of Supervisors.

The Commission is responsible for the creation and implementation of a comprehensive, collaborative, and integrated system of information and services to enhance early childhood development. Services to enhance early childhood development include early childhood education and health programs.

The Commission is a blended component unit of the County under accounting principles generally accepted in the United States of America. As such, the results of its operations are also included in the County's Comprehensive Annual Financial Report (CAFR). The basic financial statements included in this report are intended to present the financial position and results of operations of only the Commission. They are not intended to present the financial position and the results of operations of the County taken as a whole. For additional information regarding the County, please refer to the audited basic financial statements available from the County.

B. Basis of Presentation and Accounting

The basic financial statements of the Commission are prepared on the basis of Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements – Management Discussion and Analysis – for State and Local Governments*, and related standards. GASB Statement No. 34 established standards for external financial reporting for all state and local government entities which include a management's discussion and analysis section, a Statement of Net Position, and a Statement of Activities. It requires the classification of net position into three components – net investment in capital assets, restricted, and unrestricted.

Government-Wide Statements

The Commission's government-wide financial statements include a Statement of Net Position and a Statement of Activities. These statements present summaries of governmental activities for the Commission.

These statements are presented on an *economic resources* measurement focus and the accrual basis of accounting. Accordingly, all of the Commission's assets and liabilities, including capital assets and long-term liabilities, are included in the accompanying Statement of Net Position. The Statement of Activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Governmental Fund Financial Statements

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balance for all major governmental funds. An accompanying schedule is presented to reconcile and explain the differences in fund balances as presented in these statements to the net position presented in the government-wide financial statements. The Commission only has one fund, the General Fund. The General Fund is the Commission's primary operating fund. It accounts for all the financial resources and the legally authorized activities of the Commission.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation and Accounting (Continued)

Governmental Fund Financial Statements (Continued)

All governmental fund types are accounted for on a spending or *current financial resources* measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the Balance Sheet. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Revenues are recognized when received in cash, except that revenues subject to accrual, generally 180 days after year-end, are recognized when due. Expenditures are recognized in the accounting period in which the related fund liability is incurred. When both restricted and unrestricted resources are available for use, it is the Commission's policy to use restricted resources first, and then unrestricted resources as they are needed.

Adjustments Between Fund Financial Statements and Government-Wide Financial Statements

The government-wide financial statements were adjusted from the modified accrual basis of accounting used on the fund financial statements to the accrual basis of accounting used for the government-wide financial statements. These adjustments included expenses for depreciation during the year related to capital assets and compensated absence obligations.

Non-Exchange Transactions

A non-exchange transaction consists of a government giving or receiving value without directly receiving or giving equal value in return. These transactions include income taxes, sales taxes, property taxes and fines, certain grants, and private donations. Recognition of sales taxes or derived tax revenue transactions assume accrual basis of accounting, per GASB Statement No. 33, except where indicated for revenue recognition.

C. Budgets and Budgetary Accounting

The Commission prepares and legally adopts a final budget on or before July 1st of each fiscal year.

After the budget is approved, the appropriations can be added to, subtracted from, or changed only by Commission resolution. All such changes must be within the revenues and reserves estimated as available in the final budget or within revised revenue estimates as approved by the Commission.

An operating budget is adopted each fiscal year on the modified accrual basis of accounting. Additionally, encumbrance accounting is utilized to assure effective budgetary control.

Encumbrances outstanding at year-end represent the estimated amount of the expenditures ultimately to result if the unperformed contracts in process at year-end are completed or purchase commitments satisfied. Such year-end encumbrances are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year and included in the subsequent year's budget. Unencumbered appropriations lapse at year-end.

D. Due from Other Agencies

These amounts represent receivables from other governments or contractors. As of June 30, 2018, the Commission had \$881,356 due from the State of California and \$18,738 in interest receivable due from the County Cash and Investment Pool. Management believes its receivables to be fully collectible and, accordingly, no allowance for doubtful accounts is required.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Capital Assets

Capital assets purchased or acquired with an original cost of \$5,000 or more are reported at historical cost or estimated historical cost. Additions, improvements, and other capital outlays that significantly extend the useful life of the asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Equipment – 10 years

F. Compensated Absences – Vacation and Sick Leave

Commission employees earn vacation and sick leave with pay every year. The amount of vacation and sick leave earned is based on the years of continuous service.

After at least six months of Commission service, most regular employees, upon separation, are entitled to all unused vacation time accumulation. Most regular employees are entitled to a portion of accumulated sick leave after six years of service, depending on age, years of service, and bargaining unit.

At the close of each fiscal year, the balance of this accumulated time at the last pay period is computed for each employee at the current salary range. In the basic financial statements, these amounts are referred to as "Compensated Absences."

G. Pensions

In government-wide financial statements, retirement plans (pensions) are required to be recognized and disclosed using the accrual basis of accounting (see Note 9 and the Required Supplementary Information (RSI) section immediately following the Notes to the Financial Statements), regardless of the amount recognized as pension expenditures on the governmental fund statements, which use the modified accrual basis of accounting.

In general, the Commission recognizes a net pension liability, which represents the Commission's proportionate share of the County's proportionate share of the excess of the total pension liability over the fiduciary net position of the pension reflected in the actuarial report provided by Stanislaus County Employees' Retirement Association (StanCERA). The net pension liability is measured as of the County's prior fiscal year-end. Changes in the net pension liability are recorded, in the period incurred, as pension expense or as deferred inflows of resources or deferred outflows of resources depending on the nature of the change. The changes in net pension liability that are recorded as deferred inflows of resources or deferred outflows of resources (that arise from changes in actuarial assumptions or other inputs and differences between expected or actual experience) are amortized over the weighted average remaining service life of all participants in the respective pension plan and are recorded as a component of pension expense beginning with the period in which they are incurred.

For purposes of measuring the net pension liability and deferred outflows of resources or deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the County's pension plans with StanCERA and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they were reported to StanCERA. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Projected earnings on pension investments are recognized as a component of pension expense. Differences between projected and actual investment earnings are reported as deferred inflows of resources or deferred outflows of resources and amortized as a component of pension expense on a closed basis over a five-period beginning with the period in which the difference occurred. Each subsequent year will incorporate an additional closed five-year period of recognition.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Use of Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

I. Fund Balance

Beginning with fiscal year 2011, the Commission implemented GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. This statement provides more clearly defined balance categories to make the nature and extent of the constraints placed on a government's fund balances more transparent. The following classifications describe the relative strength of the spending constraints:

- **Nonspendable** - Amounts that are not in spendable form (such as inventory) or are required to be maintained intact.
- **Restricted** - Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- **Committed** - Amounts constrained to specific purposes by the Commission itself, using its highest level of decision-making authority (Board of Commissioners). To be reported as committed, amounts cannot be used for any other purpose unless the Commission takes the same highest level action to remove or change the constraint.
- **Assigned** - Amounts the Commission intends to use for a specific purpose. Intent can be expressed by the Board of Commissioners or by an official or body to which the Board of Commissioners delegates the authority.
- **Unassigned** - Amounts that are available for any purpose. Positive amounts are reported only in the General Fund.

The Commission establishes and modifies or rescinds fund balance commitments by passage of an ordinance or policy. This is typically done through adoption and amendment of the budget. A fund balance commitment is further indicated in the budget as a designation or commitment of the fund, such as approved contracts. Assigned fund balance is established by the Commission through adoption or amendment of the budget or future year budget plan as intended for a specific purpose.

The Commission's policy is to first apply committed resources and then assigned resources when an expenditure is incurred for purposes for which any amounts in any of these unrestricted fund value classifications could be used.

For the Commission's governmental fund, the Commission strives to maintain a budgeted total fund balance that is in excess of at least half of current year budgeted revenues.

J. Governmental Accounting Standards Update

During the fiscal year ending June 30, 2018, the Commission implemented the following standards:

GASB Statement No. 75 – *Accounting and Financial Reporting for Postemployment Benefits Other than Pension Plans*. The provisions of this statement are effective for fiscal years beginning after June 15, 2017. There was no effect on the Commission's accounting or financial reporting as a result of implementing this standard.

GASB Statement No. 81 – *Irrevocable Split-Interest Agreements*. The requirements of this statement are effective for reporting periods beginning after December 15, 2016. There was no effect on the Commission's accounting or financial reporting as a result of implementing this standard.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Governmental Accounting Standards Update (Continued)

GASB Statement No. 85 – Omnibus 2017. The requirements of this statement are effective for reporting periods beginning after June 15, 2017. There was no effect on the Commission's accounting or financial reporting as a result of implementing this standard.

GASB Statement No. 86 – Certain Debt Extinguishment Issues. The requirements of this statement are effective for reporting periods beginning after June 15, 2017. There was no effect on the Commission's accounting or financial reporting as a result of implementing this standard.

Recently released standards by GASB affecting future fiscal years are as follows:

GASB Statement No. 83 – Certain Asset Retirement Obligations. The requirements of this statement are effective for reporting periods beginning after June 15, 2018. The Commission has not fully judged the impact of implementation of GASB Statement No. 83 on the financial statements.

GASB Statement No. 84 – Fiduciary Activities. The requirements of this statement are effective for reporting periods beginning after June 15, 2018. The Commission has not fully judged the impact of implementation of GASB Statement No. 84 on the financial statements.

GASB Statement No. 87 – Leases. The requirements of this statement are effective for reporting periods beginning after December 15, 2019. The Commission has not fully judged the impact of implementation of GASB Statement No. 87 on the financial statements.

GASB Statement No. 88 – Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements. The requirements of this statement are effective for reporting periods beginning after June 15, 2018. The Commission has not fully judged the impact of implementation of GASB Statement No. 88 on the financial statements.

GASB Statement No. 89 – Accounting for Interest Cost Incurred before the End of a Construction Period. The requirements of this statement are effective for reporting periods beginning after December 15, 2019. The Commission has not fully judged the impact of implementation of GASB Statement No. 89 on the financial statements.

GASB Statement No. 90 – Majority Equity Interests – An Amendment of GASB Statements No. 14 and No. 61. The requirements of this statement are effective for reporting periods beginning after December 15, 2018. The Commission has not fully judged the impact of implementation of GASB Statement No. 90 on the financial statements.

NOTE 2 – CASH AND INVESTMENTS

The Commission's cash is invested in the County cash and investment pool. The County cash and investment pool is invested in accordance with California State Government Code Section 53600. In addition, the cash and investment pool is further restricted to those investments deemed acceptable per the investment policy guidelines prepared by the County Treasurer and approved by the Board of Supervisors of the County.

Cash and investments held as of June 30, 2018, were invested in certificates of deposit, commercial paper, money market funds, federal notes, treasury notes and bills, corporate notes, and an external investment pool.

NOTE 2 – CASH AND INVESTMENTS (Continued)

Interest earned on the cash and investment pool is apportioned on a quarterly basis. Per GASB Statement No. 31, investment losses and gains are recorded at market value on the Statement of Net Position and as income for the period. The changes resulting from investment losses and gains are shared by the various participants of the pool. For further information regarding the cash and investment pool, the audit report of the County may be obtained by writing the County of Stanislaus, 1010 10th Street, Suite 5100, Modesto, CA 95354.

Cash and investment balances as of June 30, 2018, are as follows: \$ 6,150,716

NOTE 3 – CHANGES IN CAPITAL ASSETS

The following is a summary of changes in the capital assets for the year ended June 30, 2018:

	Beginning Balance	Additions	Deletions	Ending Balance
Equipment	\$ 25,125	\$ -	\$ -	\$ 25,125
Less accumulated depreciation	(22,208)	(1,703)	-	(23,911)
Total	<u>\$ 2,917</u>	<u>\$ (1,703)</u>	<u>\$ -</u>	<u>\$ 1,214</u>

Depreciation expense for the year ending June 30, 2018, was \$1,703.

NOTE 4 – CHANGES IN COMPENSATED ABSENCES

A schedule of changes in long-term liabilities relating to compensated absences for the year ended June 30, 2018, was as follows:

	Beginning Balance	Additions	Deletions	Ending Balance	Due Within One Year
Compensated Absences	\$ 95,118	\$ 40,363	\$ (24,471)	\$ 111,010	\$ 35,000
Total	<u>\$ 95,118</u>	<u>\$ 40,363</u>	<u>\$ (24,471)</u>	<u>\$ 111,010</u>	<u>\$ 35,000</u>

NOTE 5 – ECONOMIC DEPENDENCY

The Commission received the majority of its funding from one source, taxes imposed by Section 30131.2 of the California Tax and Revenue Code. This code imposes additional taxes on the sale of cigarettes and tobacco products. The total amount of funding from the additional taxes was \$4,482,154 or 96.78% of total revenue for the year ending June 30, 2018. The Commission is thus subject to possible risk of reductions in services and/or closure due to potential future changes to Section 30131.2 of the California Tax and Revenue Code.

NOTE 6 – GOVERNMENT-WIDE STATEMENTS, NET POSITION – CLASSIFICATIONS

The classification of net position into three components, net investment in capital assets, restricted, and unrestricted, is required by GASB Statement No. 34 (and subsequently GASB Statement No. 63). These classifications are defined as follows:

NOTE 6 – GOVERNMENT-WIDE STATEMENTS, NET POSITION – CLASSIFICATIONS (Continued)

Net Investment in Capital Assets – Consists of capital assets, net of accumulated depreciation and reduced by outstanding balances of debt issued to finance the acquisition, improvement, or construction of those assets.

Restricted Net Position – Consists of constraints placed on net position use through external constraints imposed by creditors, grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislations.

Unrestricted Net Position – Consists of funds which are undesignated and available for general operations.

NOTE 7 – FUND FINANCIAL STATEMENTS, FUND BALANCES

In accordance with GASB Statement No. 54, fund balances are reserved for amounts that are not available for appropriation or are legally restricted by outside parties for a specific future use. Commitments of fund balance represent uses of funds for a specific purpose that require the Board of Commissioners action for initiation, modification, and removal. Assignment of fund balance represent management plans that are subject to change. Fund balances have been Committed for the following purposes:

Approved Contracts Not Yet Executed represents amounts that the Commission has authorized and entered into an agreement, but the contract has not been executed.

Budget Reserve Account represents an amount the Commission has established, as a contingency fund, of which no funds will be spent without prior Commission approval.

Contracts Approved and Executed represents amounts that the Commission has authorized, entered into an agreement, and has been executed.

NOTE 8 – COMMITMENTS

Operating Lease, Building – The Commission entered into a building lease agreement to house the operations of the Commission at 930 15th Street, Modesto, CA. The lease commenced on December 1, 2014, and will terminate on November 30, 2019. The lease has an option to renew for an additional three years at the end of the first lease period. Lease expense for the year ending June 30, 2018, was \$30,080 for the 930 15th Street building.

Future minimum payments for the year ending June 30 are as follows:

	<u>2019</u>	<u>2020</u>	<u>Total</u>
Office space lease	<u>\$ 31,616</u>	<u>\$ 13,440</u>	<u>\$ 45,056</u>
Total	<u><u>\$ 31,616</u></u>	<u><u>\$ 13,440</u></u>	<u><u>\$ 45,056</u></u>

NOTE 9 – RISK MANAGEMENT

The Commission is exposed to various levels of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Commission participates in the County risk management insurance. Insurance covered under the County's risk management includes general liability, unemployment, workers' compensation, professional liability, health insurance, and other benefits.

NOTE 9 – RISK MANAGEMENT (Continued)

No claims were outstanding during the year ending June 30, 2018. Audit reports of the County listing further details of the County's insurance coverage may be obtained by writing the County of Stanislaus, 1010 10th Street, Suite 5100, Modesto, CA 95354.

Risk management expenditures during the fiscal year are as follows:

	<u>2018</u>
General liability insurance	\$ 632
Unemployment insurance	300
Workers' compensation insurance	1,092
Health insurance	26,866
Other insurance	<u>876</u>
Total risk management expenditures	<u>\$ 29,766</u>

NOTE 10 – PENSIONS**A. General Information about the Employee Retirement System*****Plans Description***

The County is a major participant in the Stanislaus County Employees' Retirement Association (StanCERA), a retirement system organized under the County Employees' Retirement Law of 1937. StanCERA is a cost-sharing multiple-employer Public Employee Retirement System (PERS). StanCERA provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits. Health and welfare insurance for retirees and their dependents is available however administered independently of StanCERA. The plans are administered by StanCERA. An actuarial valuation is performed for the system annually as a whole and the contribution rate is determined for each participating entity. StanCERA issues a Comprehensive Annual Financial Report (CAFR) that includes financial statements and required supplementary information for StanCERA. The CAFR may be obtained by writing to Stanislaus County Employees' Retirement Association, PO Box 3150, Modesto, CA 95353-3150 or by calling (209) 525-6393.

StanCERA's CAFR is prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and a formal commitment to provide the contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Plan investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. All other securities are valued at the last reported market price at current exchange rates.

The plans' provisions and benefits in effect at June 30, 2018, are summarized as follows:

General Tiers 1, 2, 4, 5 (not open to new members)	Vests after five years of credited service and may retire at age 50 or older with 10 or more years of membership with StanCERA or any age with 30 or more years of credited service
General Tier 3 (not open to new members)	Vested after ten years of credited service and may retire at age 55 with 10 or more years of credited service.
General Tier 6 (open to new members)	Vests after five years of credited service and may retire at age 52 with 5 years of service credit or age 70 regardless of service credit.

NOTE 10 – PENSIONS (Continued)

A. General Information about the Employee Retirement System (Continued)

Benefits Provided

Members terminating employment before accruing five years (ten years for Tier 3) of retirement service credit forfeit the right to receive retirement benefits unless they establish reciprocity with another public agency within the prescribed time period. Non-vested members who terminate service are entitled to withdraw their accumulated contributions plus accrued interest. Members who terminate after earning five or ten years of retirement service credit may leave their contributions on deposit and elect to take a deferred retirement. Differences between expected or actual experience for vested and non-vested benefits may result in an increase or decrease to pension expense and net pension liability.

For members with Tier 1, Tier 4, or Tier 5 benefits, final average salary is the average monthly salary based on the highest twelve consecutive months of earnings. For members with Tier 2, Tier 3, or Tier 6 benefits, final average salary is the average monthly salary based on the highest thirty-six consecutive months of earnings.

Specific details for the retirement, disability, or death benefit calculations and cost-of-living adjustment (COLA) maximums for each of the pension plans are available in the StanCERA's publically available CAFR.

Contributions

Those members participating in Tier 1, Tier 2, Tier 4, Tier 5, and Tier 6 are required by statute to contribute to the pension plans. Member contribution rates for Tier 1, Tier 2, Tier 4, and Tier 5 are formulated on the basis of the age at date of entry and the actuarially calculated future benefits. Member contribution rate for Tier 6 is a flat rate based on the actuarially calculated future benefit. The County is required by statute to contribute the remaining amounts necessary to finance the estimated benefits accrued to its members. Member and employer contribution rates for each plan are as follows:

<u>PLAN</u>	<u>EMPLOYER CONTRIBUTION RATES</u>	<u>EMPLOYEE CONTRIBUTION RATES</u>
General Tier 1	28.90%	4.83%-7.29%
General Tier 2	25.00%	6.29%-10-48%
General Tier 3	19.75%	Non-contributory
General Tier 4	33.18%	4.71%-7.09%
General Tier 5	26.69%	7.60%-11.70%
General Tier 6	23.61%	8.06%

The Commission's portion of the County's contributions to StanCERA for the past three fiscal years was equal to the required contributions for each year and is noted in the chart below. The County does not contribute towards post employment benefits other than retirement.

<u>Fiscal Year Ended</u>	
June 30, 2016	\$ 52,809
June 30, 2017	51,349
June 30, 2018	66,649

NOTE 10 – PENSIONS (Continued)

A. General Information about the Employee Retirement System (Continued)

***Contributions* (Continued)**

The County Employees' Retirement Law of 1937 establishes the basic obligations for employer and member contributions and benefits to and of the retirement system. The actual employer and member contribution rates in effect each year are based on recommendations made by an independent actuary and adopted by the StanCERA Board of Retirement.

StanCERA provides a death benefit of \$5,000 paid to the beneficiary or estate if a member dies after retirement, provided that the County was the members' last public employer.

Ad-hoc benefits are non-vested benefits determined by the StanCERA Board of Retirement. Approved changes to the excess earnings policy by the StanCERA Board of Retirement on June 30, 2014, placed restrictions on offering ad-hoc benefits, specifically that the system must be 100% actuarially funded prior to the StanCERA Board of Retirement offering any ad-hoc benefits. StanCERA is 69.1% actuarially funded as of June 30, 2016.

B. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2018, the Commission reported a liability of \$706,274 for its proportionate share of the County's proportionate share of the net pension liability. The County's net pension liability was measured as of June 30, 2017, and the liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2016, updated to June 30, 2017. The County's proportion of the net pension liability was based on a projection of the County's long-term share of contributions to the pension plans relative to the projected contributions of all pension plan participants, actuarially determined. The Commission's proportion of the County's proportion of the net pension liability was based on the Commission's contributions to the pension plans during the year ended June 30, 2017. At June 30, 2017, the Commission's proportion of the County's proportion was 0.1196 %, compared to 0.0998% at June 30, 2016, an increase of 0.0198%.

For the year ended June 30, 2018, the Commission recognized pension expense of \$(124,706). Pension expense represents the change in the net pension liability during the measurement period, adjusted for actual contributions and the deferred recognition of changes in investment gain/loss, actuarial gain/loss, actuarial assumptions, or method and plan benefits.

At June 30, 2018, the Commission reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Deferred outflows of resources - change in proportion and change in contributions	\$ 199,496	\$ -
Commission contributions subsequent to the measurement date	82,252	-
Deferred inflows of resources - change in actual vs. proportionate contributions	-	11,541
Total	\$ 281,748	\$ 11,541

Deferred outflows of resources and deferred inflows of resources above represent the unamortized portion of changes to net pension liability to be recognized in future periods in a systematic and rational manner.

NOTE 10 – PENSIONS (Continued)

B. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

The Commission contributions of \$82,252 made subsequent to the measurement date are reported as deferred outflows of resources for fiscal year ending June 30, 2018, and will be recognized as reduction of the net pension liability in the fiscal year ending June 30, 2019.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ended June 30</u>	<u>Amount</u>
2019	\$ 51,268
2020	83,541
2021	68,770
2022	(15,624)
Thereafter	-
Total	<u>\$ 187,955</u>

Actuarial Assumptions

The total pension liability in the June 30, 2016 actuarial valuation was determined using the following actuarial assumptions. Total pension liability represents the portion of the actuarial present value of projected benefit payments attributable to past periods of service for current and inactive employees.

Inflation	3.00%
Amortization growth rate	3.25%
Salary increases	3.25% plus merit component
COLA increases	2.70% for those eligible for COLA
Investment rate of return	7.25%, net of investment expense
Post-retirement mortality	Fully generational mortality improvement projection from base year 2009 using Scale MP-2015.

NOTE 10 – PENSIONS (Continued)**B. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions** (Continued)***Actuarial Assumptions*** (Continued)

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study for the period July 1, 2012 – June 30, 2015.

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equities	
US Large Capital	4.70%
US Small Capital	4.80%
International Equities	
International Developed	9.70%
Emerging Market Equity	8.60%
US Fixed Income	
Core fixed income	3.30%
U.S. Treasury	2.40%
Short-Term Gov/Credit	2.60%
Real Estate	
Core	4.60%
Value-Add	6.60%
Risk Parity	7.20%
Private Equity	7.80%
Private Credit	6.50%
Infrastructure	4.60%
Cash	2.20%

Discount Rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from the employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the Commission's proportionate share of the County's proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as the Commission's proportionate share of the County's proportionate share of the net pension liability if it were calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

	<u>1% Decrease 6.25%</u>	<u>Discount Rate 7.25%</u>	<u>1% Increase 8.25%</u>
Commission's proportionate share of the County's proportionate share of the net pension liability	\$ 1,108,430	\$ 706,274	\$ 378,756

NOTE 10 – PENSIONS (Continued)

B. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Pension Plan Fiduciary Net Position

Detailed information about each pension plan's fiduciary net position is available in the separately issued StanCERA financial reports.

NOTE 11 – RELATED PARTY TRANSACTIONS

During the fiscal year ended June 30, 2018, the Commission paid the County, a related party, \$2,832,484 for the following costs: \$38,241 in accounting, legal, and administrative services and \$2,794,243 for program services. The Commission is a special revenue fund of the County as stated in Note 1.

NOTE 12 – PROGRAM EVALUATION

The Commission spent \$19,178 on program evaluation during the fiscal year ended June 30, 2018, all of which consisted of Commission salaries, benefits, services, and supplies based on time study allocations.

NOTE 13 – SECTION 30131.4 OF THE CALIFORNIA TAX AND REVENUE CODE CERTIFICATION

The Commission has certified that the supplant requirement stated in Section 30131.4 of the California Tax and Revenue Code has been met.

NOTE 14 – SUBSEQUENT EVENTS

In compliance with accounting standards generally accepted in the United States of America, management has evaluated events that have occurred after year-end to determine if these events are required to be disclosed in these basic financial statements. Management has determined that no events require disclosure in accordance with accounting standards. These subsequent events have been evaluated through October 1, 2018, which is the date the basic financial statements were issued.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities and general fund of the Stanislaus County Children and Families Commission (the Commission), a component unit of Stanislaus County, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements, and have issued our report thereon dated October 1, 2018.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Commission's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Commission's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Commission's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON STATE COMPLIANCE

To the Board of Commissioners
Stanislaus County Children and Families Commission
Modesto, California

We have audited the Stanislaus County Children and Families Commission's (the Commission) compliance with the requirements specified in the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act*, issued by the State Controller's Office, applicable to the Commission's statutory requirements identified below for the year ended June 30, 2018.

Management's Responsibility

Management is responsible for compliance with the requirements of the laws and regulations applicable to the California Children and Families Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Commission's compliance with the requirements referred to above based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act*, issued by the State Controller's Office. Those standards and the State of California's *Standards and Procedures for Audits of Local Entities Administering the California Children and Families Act* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the requirements referred to above that could have a direct and material effect on the statutory requirements listed below. An audit includes examining, on a test basis, evidence about the Commission's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance. However, our audit does not provide a legal determination of the Commission's compliance with those requirements. In connection with the audit referred to above, we selected and tested transactions and records to determine the Commission's compliance with the state laws and regulations applicable to the following items:

<u>Description</u>	<u>Audit Guide Procedures</u>	<u>Procedures Performed</u>
Contracting and Procurement	6	Yes
Administrative Costs	3	Yes
Conflict-of-Interest	3	Yes
County Ordinance	4	Yes

Opinion

In our opinion, the Commission complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the California Children and Families Program for the year ended June 30, 2018.

This report is intended solely for the information and use of the County of Stanislaus Board of Supervisors, the Commission, the State Commission, and the State Controller's Office and is not intended to be, and should not be, used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

ACTION AGENDA SUMMARY

AGENDA DATE: October 23, 2018

COMMISSION AGENDA 6B (PUBLIC HEARING)

SUBJECT:

Public Hearing on the 2017-2018 Local Annual Report and Authorization for Staff to Submit the 2017-2018 Local Annual Report to First 5 California

BACKGROUND:

Following its passage by voters in 1998, the provisions of Proposition 10 were codified into California State Law as Sections 130100 – 130155 of the California Health and Safety Code. Section 130150 of the Health and Safety Code requires local Children and Families Commissions to conduct a public hearing on its Annual Report and to submit the Annual Report to the State by November 1st of each year. The Annual Report is a written report on the progress towards and achievement of the goals and objectives of the Proposition.

First 5 California made changes to the reporting categories of the Annual Report for Fiscal Year 2017-2018, as it has done in the past on a periodic basis. The changes include merging both financial and demographic data in Annual Report section 1, where only financial information was reported previously. Also, financial and demographic data within a Result Area service category are now grouped by grantee type, and an estimated degree of client duplication is reported in Annual Report section 2. Local staff were in active communication with staff from First 5 California to make sure the changes were clearly understood and there was concurrence with how the report would be submitted with the new changes. These changes have been made to the local report and it will be submitted in compliance with the new requirements.

An electronic copy of the report can be found on the Commission's website under Publications & Other Resources.

To assist local Commissions in complying with this requirement, the State First 5 Commission sends out a format to guide the written responses of all 58 counties. The State uses these 58 local reports to compile a statewide report that must be submitted to the Legislature by January 15th of each year.

The Administrative and Finance Committee, the Operations Committee and the Executive Committee reviewed and discussed this item on October 8th, October 11th, and October 17th respectively.

STAFF RECOMMENDATIONS:

1. Conduct a public hearing on the 2017-2018 Local Annual Report.
2. Accept the 2017-2018 Local Annual Report and authorize staff to submit the report to First 5 California.

FISCAL IMPACT:

There is no fiscal impact associated with the approval of this agenda item.

COMMISSION ACTION:

On motion of Commissioner _____; Seconded by Commissioner _____
and approved by the following vote:

Stanislaus County Evaluation & Improved Systems

July 1, 2017 - June 30, 2018

County Evaluation Summary

Evaluation Activities Completed

The Stanislaus County Children and Families Commission (CFC) views evaluation as both a process and a tool. The process of evaluation is fluid and occurs throughout the fiscal year, encompassing multiple methods and activities. As a tool, the evaluation informs stakeholders and assists in future funding or scope of work revisions. The primary focus of the evaluation is promoting a learning environment. Learning occurs when the following types of evaluation information are shared: effective and ineffective practices; impacts on children, families, and communities; costs and benefits of programs; and the contributions of programs towards achieving population results expressed in the CFC Strategic Plan. The Strategic Plan is the foundation of any given fiscal year's evaluation cycle, as it communicates the Commission's goals, objectives, and strategies. The evaluation activities begin as each funded program addresses the Strategic Plan through its activities and planned outcomes, which are identified in the Scope of Work (SOW) that is developed at the start of the fiscal year. The SOW becomes the basis for each program's SCOARRS (Stanislaus County Outcomes and Results Reporting Scorecard), which is designed to document services performed, resources used, data collected, and outcomes expected. Both documents are constructed jointly between CFC staff and program staff, and each draws on the unique capacity of the programs to contribute to the Commission's goals and objectives. Both documents serve as blueprints that enable programs and the Commission to mutually understand how resources will turn into results. Quantitative and qualitative data are collected through each individual program's SCOARRS, which provides a structured framework for tracking and reporting data and outcomes. SCOARRS are submitted quarterly by all programs and contribute to the effective monitoring of each program on a quarterly basis. SCOARRS data also supply programs with information to learn what is working well and what improvements can be made throughout the fiscal year, and allows programs to explain and/or revise practices. The Commission and programs continuously evaluate program services throughout the annual evaluation cycle, using both qualitative and quantitative methods of collecting, analyzing, and reporting data. A variety of tools provide the programs and the Commission with program data, including the following: pre/post tests, customer/employee satisfaction surveys, observations, intake forms, and screenings. Programs capture output and outcome data through SCOARRS and demographic information through a Demographic Data Collection Tool. Commission staff then reviews all the information and reports submitted, along with budgets, invoices, and site visit summaries to evaluate individual program effectiveness, as well as overall aggregate progress toward Commission goals and objectives. Efforts to evaluate leveraging and collaboration efforts continue through data collected by individual programs' annual reports. Results have been shared and opportunities to increase collaborations efforts have been supported. Leveraging is part of many programs' sustainability plans and has been measured and supported.

Evaluation Findings Reported

Improved Family Functioning • Families are receiving support. The parents of 10,138 children received family support services through countywide Family Resource Centers or other programs. 2,405 received more intensive services focused on improving child abuse risk factors. • Parents are gaining knowledge and improving parenting skills. The parents of 1,923 children attended parenting classes to increase parenting skills and knowledge. • Caregivers are screened for depression and linked to additional support. Of the 1,514 children 0-5 whose caregivers were screened for depression, 441 children 0-5 had a caregiver referred for mental health services as a result. • Children are flourishing in stable environments. 399 children experienced improvements in their family environment after being enrolled in respite childcare. Improved Child Development • Parents are reading with their children. The families of 1,290 children 0-5 increased the time spent reading with their children at home after receiving literacy services. • Children are being screened and identified for developmental delays. 1,603 children 0-5 were screened for educational developmental issues and 410 were reported as being referred for further assessments or services. • Children are preparing to enter Kindergarten and be successful. 117 children participated in the Kindergarten Readiness Program at school sites across the county that helped prepare them for Kindergarten. Improved Health • Pregnant women and children are receiving health care. 153 children 0-5 and pregnant women who did not have access to health care received medical attention through an interim health care program. • A greater number of children now have health coverage. 156 pregnant women and children 0-5 who did not have health insurance are now enrolled in a health coverage plan. • Infants are born robust. 157 infants were born term after their mothers participated in a healthy birth program. 87% of the mothers initiated breastfeeding. Improved Systems of Care • Strengthening families with knowledge. Families of 6,758 children have increased knowledge and use of community resources. • Leveraging Prop 10 funds. Prop 10 funded programs brought in more than \$7.8 million from other funding sources during fiscal year '17-'18, increasing the level of services for children 0-5 and their families. Of that \$7.8 million, nearly \$5 million came from funding sources outside of Stanislaus County. *Data reported by contractors **Information published in the Commission's 2018 Report to Community.

Policy Impact of Evaluation Results

The policy impact of the evaluation results will not be fully utilized until the program evaluation report for 2017-2018 is completed. The evaluation results are one of multiple tools to be used by the Commission to make program funding decisions for the 2019-2020 fiscal year. Despite the fact that the evaluation results are not yet finalized, the evaluation process was used throughout the year to make policy decisions on multiple levels. Funded programs receive evaluation feedback throughout the year as part of the evaluation cycle feedback loop. The SCOARRS, Annual Report, and site visit reports serve as tools to identify what is working well and where challenges remain. Through this process, programs take action to revise methods or services. The Commission receives evaluation updates in several forms: Annual Report submission, an annual program evaluation, and the state annual report. These reports provide the Commission with information that can be used to make decisions regarding short and long-term budgeting, program recommendations, and revising and updating its Strategic Plan. Evaluation information continues to influence decisions regarding the prioritization of services and the allocation of diminishing resources. The dissemination of evaluation results to a multitude of stakeholders is essential to increase awareness of how Prop 10 funding is accounted for and to impact local and state policy. Through the "Report to the Community" the Commission relays results of the work being done with local Prop 10 funding. In 2018 the report will be integrated into the Commission's website. The report will provide information through stories, demographic information, and highlights of services delivered. As the information reaches the community, local policy and advocacy efforts can be influenced (e.g., buy-in from local businesses or governments). A presentation, based on the "Report to the Community", is presented annually to the Board of Supervisors in October, creating additional awareness and support at the County policy level.

Improved Systems of Care

Who was the primary audience for the service?

The Commission partners with the Stanislaus County Office of Education (SCOE) to offer professional development and training to early care education providers. Commission staff provides technical assistance in multiple ways to twenty individual funded programs countywide.

What were the types of services provided?

Bi-annual conference focused on educating and increasing awareness on early childhood development topics. Commission staff provides technical support for funded program in the areas of budgeting, training, sustainability, reporting, and operational issues. Quarterly meetings are held to provide a forum to share information, resources, and best practices. Commission staff also meet with funded program staff twice annually to provide one-on-one assistance.

What was the intended result of the service? What was the community impact of the service?

The goal of the bi-annual ECE conferences is to increase the quality of early childhood care for young children. The goal of providing technical support to funded partners is to reduce duplication of services, increase collaboration, and improve program efficiency and program outcomes.
